 Beltsville, MD 20705

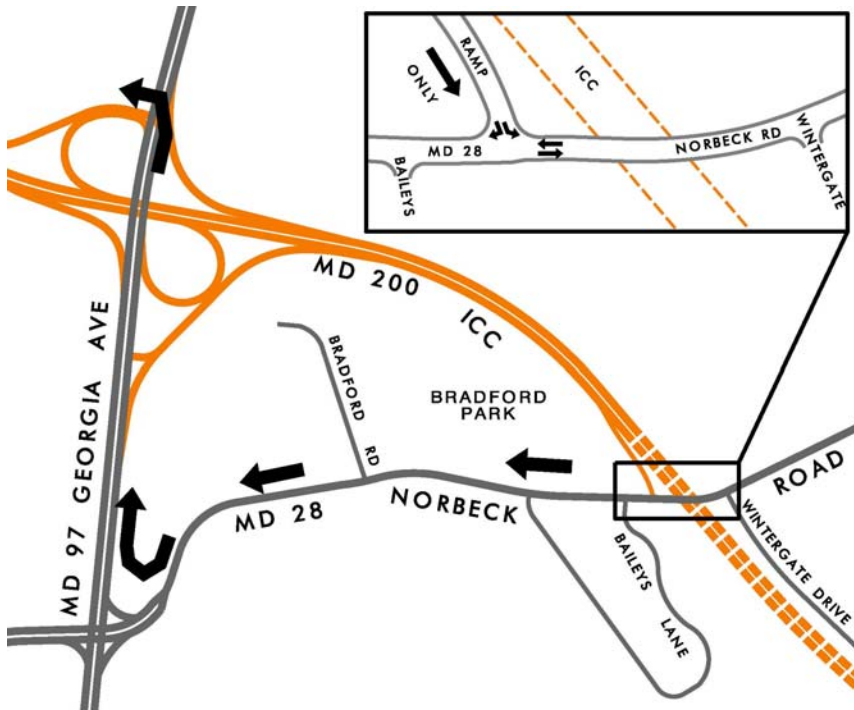

## PUBLIC NOTICE

### NORBECK ROAD/MD 28 CONSTRUCTION

As State Highway Administration's ICC team completes the final stages of construction on MD 28/ Norbeck Road, traffic pattern changes will occur within the section of Norbeck Road from Bailey's Lane through the Wintergate Drive intersection. The following activities will begin on or about October 28, 2011:

- Westbound access to MD 200 (ICC) from Norbeck Road will be removed to allow for the construction of permanent sidewalk along Norbeck Road and the newly constructed Norbeck Road bridge.
- Eastbound and westbound traffic will revert back to single lane operations through the section.
- Current traffic will be shifted to the permanent travel lane configuration.

- Westbound MD 28 traffic will be advised to utilize the MD 97 interchange for access to westbound MD 200 (ICC)
- Eastbound MD 200 onto MD 28 will be maintained until mid-November. Movements from the ramp will be reduced to 1-left turn and 1-right turn lane onto MD 28.
- Partial removal of the temporary ramp from MD 200 to MD 28 will be performed to facilitate final construction of the MD 200 mainline travel lanes.

If you have any questions or concerns regarding construction,

please contact Mr. Tim Cooke, ICC Contract B Community Liaison, at the Office of the Intercounty Connector at 301-586-9295 or by email: [tcooke@iccproject.com](mailto:tcooke@iccproject.com). Thank you for your patience as we continue with construction. If you would like to find out more about the ICC, please visit the project website at [www.iccproject.com](http://www.iccproject.com).
